EDUCATION

Singapore Management University (SMU)

Sept 2024 – Present

Bachelor of Science (Information Systems) (Specialized in Business Analytics)

Nanyang Polytechnic (NYP)

Apr 2021 – May 2024

Diploma in Applied AI & Analytics (Specialized in Big Data Analytics)

WORK EXPERIENCE

SMU SCIS

Feb 2026 – May 2026

Research Assistant

- Engineered a multi-modal AI pipeline (LlamaParse, Gemma 4 & LLaVA) that automatically extracted and structured 340+ learning concepts from raw lecture slide text and images into relational hierarchical directed acyclic graphs (DAGs).
- Reduced manual review time** for professors by developing an **automated screening pipeline** that checks exam questions against course materials, ensuring full test coverage.

Cyzone (创业邦)

May 2025 – July 2025

Data Analyst Intern (Remote)

- Validated and standardized **30+ venture capital datasets daily** across 20+ key cities, ensuring data integrity for flagship reports.
- Synthesized emerging tech trends and startup valuations to deliver actionable market insights for Cyzone Media, reaching **22M+ entrepreneurs and investors**.

Attribute Data

Sept 2023 – May 2024

Junior Analyst (Feb 2024 – May 2024) • Data Intern (Sept 2023 – Feb 2024)

- Designed and deployed comprehensive **Adobe Analytics dashboards** to track campaign performance and customer behavior, directly supporting C-suite KPI reporting.
- Automated User Acceptance Testing (UAT) workflows using Excel, accelerating manual validation time by **50%**.
- Authored technical specs for web tagging pipelines and co-led data validation onboarding for **16+ stakeholders**.

PROJECTS & HACKATHONS

SMUBIA Datathon (Inter-University)

Feb 2025

- Developed a web interface for the Internal Security Department, integrating Ollama and network visuals to automatically summarize, visualize and prioritize urgent security cases.

LEADERSHIP & AWARDS

SMU Project Ippon IX (Overseas Community Service Initiative)

Dec 2025

Main Leader

- Spearheaded a 26-member team to the Philippines, managing overseas stakeholders and curriculum planning for interactive English, Math and First Aid lessons while fostering cross-cultural exchange.

CERTIFICATIONS

Microsoft Power BI Data Analyst Associate • AWS Cloud Practitioner • Google Tag Manager Fundamentals • Cisco Networking Essentials • AI41 - Literacy in AI • ParseHub Web Scraping (Basics – Advanced) • Machine Learning using SAS Viya • Oracle Academy Database Design & Administration

SKILLS

Programming & Web Dev: Python, SQL, JavaScript, HTML/CSS, Vue.js, Flask, REST APIs, Microservices, Docker, DevSecOps

Analytics & Visualization: Power BI, Tableau, Matplotlib, Seaborn, Chart.js

Data Science & Machine Learning: NumPy, Pandas, SciPy, Scikit-learn, NLTK, PyTorch, TensorFlow, MLOps

Cloud & Databases: AWS, Google Cloud, Firebase, Apache Spark, Cassandra

Design & Tools: Figma, Maze, Git, UI/UX Prototyping, Usability Testing, Microsoft Office
